

## Quality Care for all your dental needs

## Russell Bird, DMD • Firas Salhi, DDS

A very warm welcome to you! The entire team would like to thank you for selecting our office to care for your dental needs. Our goals are to provide each patient with the highest quality dental care in a gentle, efficient, and pleasant manner, and to strongly encourage prevention of future dental problems.

- We will put your needs and wishes first and advise you on the best long-term preventive plan for healthy teeth.
- We use only the best material and labs. All instruments go through a steam auto clave for sterilization. All services are rendered with the latest techniques available.
- We base our measure of success on the quality of the relationship we have with each patient, not just on the quality of the dental service we provide.
- We take special interest in helping the fearful or sensitive patient, who may have had difficulty before, and may be avoiding dental treatment because he or she has been hurt elsewhere.

Should you have any questions, please do not hesitate to confide in us regarding any worries you have about your oral health. We'll always take time to answer your questions and give you every reason to smile. That's why we're here.

We have someone on call 24 hours a day, so if you need us - we're here for you. Enclosed are the new patient forms, please fill them out and bring them with you to your appointment.

We look forward to meeting and getting to know you.
